

The 33 & Me: Multimodal Transportation

Pedestrians & Bicyclists

- How can walking and bicycling options improve? How well do existing bike lanes, paths, pedestrian bridges and roadway bridges over NYS Route 33 serve the needs of users?
- Are there specific areas near NYS Route 33 where biking and walking are particularly challenging or unsafe?

Transit

- What is working and not working with existing bus routes and stops serving the communities along the NYS Route 33 corridor?
- What transit elements would be part of your ideal vision for the NYS Route 33 corridor?
