

The 33 & Me: Greenspace & Parks

Place a dot on the box that represents what is most important to you regarding greenspace and parks on the NYS Route 33 Corridor.

Improving access to existing parkland through improved vehicle, bicycle, and pedestrian access.

Using an Olmsted parkway design and feel in a reimagined corridor (tree lined parkway with landscaped median).

Creating new parkland and recreation areas with amenities usable to the community (such as parkways, playgrounds, sports facilities, etc.)

Creating new natural areas and urban forests with diverse habitats.

What ideas do you have for the role of greenspace and parks in the NYS Route 33 corridor?
